x Extreme obesity is associated with a significant psychosocial burden, including impairments in quality of life, body image, sexual behavior, and other areas of psychosocial functioning [1].

Surgery for Obesity and Related Diseases Home Page

1. Introduction Plant diseases cause major production and economic losses in agriculture and forestry. For example, soybean rust (a fungal disease in soybeans) has caused a significant economic loss and just by removing 20% of the infection, the farmers may benefit with an approximately 11 million-dollar profit (Roberts et al., 2006).
